

## LGBTQ Health Section 2023 Section Survey Highlights

Of the 248 respondents to TMA's [2023 Section Survey](#), seven (or 3% of the total) were from the LGBTQ Health Section (LGBTQHS).

- All LGBTQHS respondents cited **policy and advocacy** as their primary reason for section participation.
- When asked what type of **advocacy initiative** was most important, they ranked public health/patient advocacy the highest (71%).
- When they were asked to drill down on topics of interest within policy and advocacy, LGBTQHS respondents' top responses were:
  - Language and issue framing (28%);
  - Advanced political theory (22%); and
  - Rulemaking vs. laws (17%).
